

Book A Librarian

This questionnaire/application is used to determine how library staff can help patrons with their technology questions. Staff will help patrons with the basic use of their personal devices or any library e-resources. Staff do not set up devices, write emails, or fill out forms for patrons. The Book a Librarian program is only meant to instruct patrons in the basic use of their devices and library e-resources.

Please contact the library at 704-868-2164 ext. 5526 with any questions.

Contact Information (please print)

Name _____

Phone _____

Email _____

Device/E-Resource Information (please print)

What device or e-resource do you need help with? Be specific. *(The library has Windows computers available on which to learn basic skills training. Patrons must bring their own mobile devices for their sessions.)*

What skills would you like to learn in your one-hour session?

Book a Librarian Sessions (Patrons will be contacted to schedule their sessions)
